

**GALWAY** Maple, Stainless Steel, Aluminum, Concrete. 72l x 16d x 36h

The heart of Galway buffet is a unique door design that uses aluminum to focus the wood movement into a groove in the center. The result is an amazing solid wood door which has a distinct visual presence to go with its technically minded design. The ends are commanding pedestals of concrete which ground the buffet. It is fully customizable to a wide variety of situations.
