

PETER HARRISON

Ganymede Mahogany dyed black, Aluminum 65l x 16d x 42h

The Ganymede liquor cabinet is a captivating statement for your home. It is meticulously constructed out of 399 individual components. The doors hinge on a studio made machined hinge that is elegantly simple. The base is a frenzy of legs and horizontal members. The corners of the cabinet are a machined bracket of aluminum. The back is fully finished to allow Ganymede to be used as a room divider if so desired.
