

INFINITY Mahogany Dyed Black, Stainless Steel, Aluminum, Concrete, Glass 22w x 12d x 60h

28 bottles of wine + storage for an array of glasses = one elegant cabinet. The Infinity wine cabinet features a mesmerizing base of stainless steel rods. These rods create a sculptural latticework that just happens to hold 28 bottles of wine. Above is a sleek cabinet with aluminum doors. The cabinet is divided by a glass shelf and will hold numerous wine glasses. Infinity packs a whole lot of function into a beautifully small footprint.
